Let's "reinvent" your old jewelry to make you something wearable, enjoyable and memorable.

JEWELRY "REINVENTED"

Turn Grandmother's old emerald/diamond cocktail ring that she left to you into earrings and a pendant set that matches your personality and your lifestyle.

Have you upgraded your engagement/wedding set? Turn your first engagement ring into a pendant for you or your daughter or a tie tack

for your son.

Add some gold and lapis beads, and your old pearls could become three lovely necklaces for your daughters.

WHY WISH LISTS ARE IMPORTANT

Have you ever really, really, really wanted a certain pair or earrings, bracelet, or ring for a birthday, anniversary or other special occasion only to get a toaster? Is your boyfriend, or husband a dynamite guy, but occasionally needs a hint or even a nudge?

ASHWOOD ARTI-

SANS can create your own personal WISH LIST file for you.

We can start by recording ring sizes, birthdates, (for you as well as for your kids if Mother's jewelry might be an option) anniversaries, preferences for gold or silver, and pieces you might want

to add to your jewelry collection.

If you want something specially designed, we can do that. Or, if you have seen a simple pair of earrings in "Town and Country" or in a jewelry flyer, bring it in and it can go into your file.

When your special day draws near, just remind your special someone that you have a WISH LIST at ASHWOOD ARTISANS!

A LITTLE BIRDIE TOLD ME...

ASHWOOD ARTISANS offers a free reminder service to customers. It could be especially valuable to those with a WISH LIST.

Approximately four (4) weeks before a spe-

cial occasion, a card will be sent to that certain someone reminding them that now is the time to order those little gold hoop earrings, or that three stone anniversary ring.
